RUSS Dictator Doomed; Communists May Revolt

HOOVER RAPS OPPONENTS OF WORLD COURT

(BY A. P. NIGHT WIRE)
DES MOINES (Iowa) April 11.—American membership in the permanent Court of International Justice, organized by the League of Nations, was advocated by Secretary Herbert Hoover here tonight as "an essential step" in the direction of world peace.

Those who have opposed membership in the League itself, he said, need not hang back from participation in the court near political entanglements through its operation. He replied directly to criticisms by Senator Borah of Idaho who, he declared, really wanted now to "go further" than the American people were willing to follow him.

Secretary Hoover spoke before the annual convention of the National League of Women Voters, and his address was the first detailed reply from administration quarters to those who have assailed the court proposal since it was laid before the Senate by President Harding. It marked the beginning of the public debate, in which most of the leading public men of the country are preparing to take part.

"Tell the Gentleman I'm Busy!"

RELATIVITY THEORY HELD TO BE RIGHT

(BY A. P. NIGHT WIRE)
SAN JOSE, April 11.—Dr. Albert Einstein's theory of relativity is confirmed by results deduced from photographs of the eclipse of the sun taken at Vail in the northwest coast of Australia, Sept. 21, 1922, by the W. H. Crocker eclipse expedition from the Lick Observatory, University of California, according to a statement issued today by Dr. W. W. Campbell, director of the observatory, who headed the expedition.

"These results are in exact accord with the requirements of the Einstein theory," Dr. Campbell's statement said. "The agreement with Einstein's prediction of the theory of relativity, one and seventy-five hundredths seconds of arc, is as close as the most ardent proponent of that theory could hope for."

In fact, the agreement of our observed data with the predicted value is so satisfactory that the Lick Observatory does not plan to repeat the Einstein test at the solar eclipse due to occur in extreme southwestern California and in Mexico, Sept. 10, 1923.

AUTO DRIVER SHOWS FIGHT; BANDIT FIRES

(BY A. P. NIGHT WIRE)
DURING a revolver in the hands of a bandit last night, Charles Suits, 34 years of age, 4205 South Hobart Boulevard, grappled with the man and was shot through the abdomen. The bandit escaped, but deputies and police are on his trail and expect to capture him.

The affair happened at One Hundred and Nineteenth and Main streets. Suits was driving with Miss Patti Campbell of 107 West One Hundred and Eighth street and had his machine standing at the curb off the lighted highway. According to Miss Campbell, who told of the shooting at the sheriff's office last night, the bandit appeared at the side of the machine and turned a flashlight into the faces of the occupants, blinding them. He showed an officer's badge and demanded Suits' driver's license.

Suits got out of the machine to show the man his credentials and the bandit thrust a revolver against him and ordered him to get back in the machine. Suits, realizing then that the man was not an officer, challenged his authority and simultaneously grappled with him.

The bandit threw off his assault and ran. Suits followed him and would shoot. Then, without waiting for Suits to resume the attack, he fired the bullet striking Suits in the lower abdomen. The bandit fled, and the girl helped Suits into the machine. In spite of his wound Suits drove the car about two blocks, when, meeting a machine driven by D. R. Rinehart of 824 Towne avenue, he collapsed.

NOT ENTERING LEAGUE

To go into the court, Mr. Hoover said, would not be "entering the League in any sense." On the contrary, he argued, it would aid in placing international relations on a basis of law rather than politics, and would at the same time continue the American policy of opposition to the League of Nations. He said that the American people would be well served by the court, and that the American people would be well served by the court, and that the American people would be well served by the court.

LATEST NEWS Commons Turned Into Riot After Government's Defeat

(BY CABLE AND ASSOCIATED PRESS)
LONDON, April 11.—Perhaps never since the days of Parnellite obstruction has such a scene of violent uproar been witnessed in the House of Commons as that which today transformed the ordinarily placid and dignified chamber into absolute bedlam.

The disorders arose primarily out of the government's defeat by a small majority on a mere technical point last night. Today Stanley Baldwin, Chancellor of the Exchequer, introduced a motion framed to counteract this defeat only to meet with a storm unexampled in present-day parliamentary annals. In the face of which the speaker, powerless to obtain a division, declared the motion carried and adjourned until tomorrow.

Two Schoolboys Missing; Search Brings No Clew

(BY CABLE AND ASSOCIATED PRESS)
A tragedy similar to that which gripped San Bernardino and the entire Southland at Easter was feared by parents and friends of Carl Stewart and Albert Evans, 9 and 10 years of age, respectively, when the two boys failed to return to their homes yesterday afternoon and had not been found at an early hour this morning. Scores of neighbors of the parents of the missing boys joined in a search which had brought no clew as to their whereabouts.

Rob Train of Whisky

PEORIA (Ill.) April 11.—Santa Fe northbound freight train No. 48 was held up by a band of heavily armed men two miles north of Morton, Ill., tonight and alcohol and whisky valued at between \$25,000 and \$30,000 hauled away in automobile trucks.

Prominent Mason Dies

SAN FRANCISCO April 11.—Charles Lewis Patton, San Francisco lawyer and Master of California Lodge No. 1, F. and A. M., and one of the best-known Masons in the first officers here, died after a prolonged illness. He was 59 years of age and was born at Petaluma. At one time he was a candidate for Mayor of San Francisco against former United States Senator James P. Phelan.

SEARCH FOR BULLET

Rinehart took Suits at once to the Receiving Hospital and he was removed from there to the County Hospital for X-ray treatment to locate the bullet. Police Surgeon Dorn and Dunsmuir said they would perform a major operation. The wounded man's condition is serious.

Want Mooney Freed

WARREN (O.) April 11.—The Amalgamated Association of Iron and Steel Workers in session here, today ordered that a telegram be sent to the Governor of California requesting the release of Tom Mooney and Warren K. Billings, who are serving life sentences in the San Quentin prison for the murder of Harry Campbell.

Big Stick to Wield

The Laborites clearly felt that they had a big stick to wield against the government in the House of Commons.

EL PASO OFFICER SHOT

EL PASO, April 11.—Frank Burns, 32, of the El Paso Police Department, was shot and wounded by two men he was trying to arrest near the El Paso station yesterday afternoon. He has slight chance to recover. The men escaped. Thirteen shots were fired, of which three took effect.

WAR BOOM IS LAUNCHED

That Name Be Placed on Primary Ballot is Filed in Nebraska by Progressives

Kings County Dry Penalties Ruled Invalid

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, April 11.—Penal clauses of Kings county dry ordinance were declared unconstitutional today by the Supreme Court, which granted a writ of habeas corpus petition and discharged Arthur Mingo, held by the Kings county sheriff to serve a jail sentence and pay a \$500 fine for violating the ordinance.

CROWDS SPEED TRADE TOUR

(EXCLUSIVE DISPATCH)
SAN FRANCISCO, April 11.—Amid cheers of hundreds of people who had gathered at the Southern Pacific Station to wish them well, delegates on the San Francisco Chamber of Commerce trade excursion tour to Mexico late today departed on their mission of good will and fellowship.

AMERICANS Pull Off Coup in Turkey; Concessions Given

(BY LARRY RUE)
CONSTANTINOPLE, April 11.—A French newspaper in Stamboul features an editorial on the front page in which it asserts that the granting of concessions to a corporation headed by Rear-Admiral Coby M. Chester, an American, is a "betrayal of a promise made under the signature of Turkey and puts that country into slavery until its fulfillment."

RESERVE RIGHT TO BUY

The employees, except certain officers, foremen and mechanics are to be Turks. Turkey reserves the right to purchase the railroads after thirty years.

CO-DISCOVERER OF TUTENKHAMON ILL

(BY CABLE AND ASSOCIATED PRESS)
LONDON, April 11.—Howard Carter, co-discoverer with the late Earl of Carnarvon of the tomb of Tutenkhamun, has been taken ill in the trip, during which time most of the important cities in Mexico will be visited.

FINNS TO FUND DEBT

(BY CABLE AND ASSOCIATED PRESS)
HELSINKI (Finland) April 11.—Parliament today passed the bill for the funding of Finland's debt to the United States.

PURPOSE EXPLAINED

In a statement issued shortly before the departure, E. O. McCormick, vice-president of the Southern Pacific, as chairman, and Judge William H. Langdon, president of the California Court of Appeals, as vice-chairman, telling of the purpose of the trip, said: "To all citizens of Mexico."

WHOLE STATE REPRESENTED

Beard a large delegation of San Francisco men, together with their wives and families, there were financial and commercial leaders from ten California cities in the excursion party.

that the House tomorrow resolve itself into a committee of supply, so that the difficulty in which the government found itself would be adjusted, but the opposition declined to take part in a division. The government then moved, leading finally to the Speaker demanding another closure motion and the Chancellor's motion carried.

The House then continued to sit now before the storm, had to abandon the important agricultural details of the Finance Bill, and to the expected statement from the Minister of Agriculture concerning the government policy on the recommendations of the agricultural tribunal!

LLOYD GEORGE LOSES

Lloyd George had only just previously asked the government

tion of a important agricultural problem, only to be met with Chancellor Baldwin's regretful rejoinder that he could see no possibility of doing anything in the future, and the declaration that it is most important that the Minister of Agriculture should make his statement today.

Two new bills tonight over the exciting evening. On the one the members admit that Baldwin and the other ministers acted somewhat flippantly and that the Government have been guilty of the closure motion. It was mostly held that when the House meets tomorrow the effectiveness will

**NEW PORTIONING
PLAN PROPOSED**
Territorial Representation
for Senate Sought
Assembly Control Would Be
Left to City Areas
Los Angeles Delegation Joins
"Cow Counties" Men
BY KYLE D. PALMER
(EXCLUSIVE DISPATCH)
SACRAMENTO, April 11.—
Members of the Los Angeles legis-
lative delegation and representatives
of the "cow counties" of the
State today joined in a movement
designed to solve the muddled re-
apportionment situation.
The latest move to stop the
growing feeling of sectional bitter-
ness and petty personalities in con-
nection with consideration of the
reapportionment issue, was ex-
pression in a proposed constitu-
tional amendment presented by As-
semblyman Weller of Los Angeles
County and Assemblyman Frend-
ergast of San Bernardino county.
While retaining the existing
method of apportioning repre-
sentation in the Assembly on a pop-
ulation basis, the Frendergast-Wel-
ler amendment would change the
Senatorial apportionment from a
population to a territorial basis,
thus leaving control of the lower
House with the metropolitan areas
of the State and transferring con-
trol of the upper House to the
rural districts.
The amendment reads:
"Resolved by the Assembly, the
Senate concurring, that the Legis-
lature of the State of California
at its forty-fifth regular session,
two-thirds of all members elected
to each of the Houses thereof vot-
ing in favor thereof, hereby pro-
poses to the people of the State of
California that the Constitution
of the State be amended by adding
a new section to Article Four
thereof to be numbered Six A and
to read as follows:
"LIMIT TO SENATORS
"Section A. No city or county and
county, shall be represented in the
Legislature by more than four
Senators, nor shall contain more
than four Senatorial districts and
each decennial reapportionment
shall be made so as to carry out
this limitation."
Should the Legislature vote to
submit this proposal to the people
and it should be adopted at the
general election two years hence,
it would become effective in 1931.
Following the Federal Census of
1920, it will have no legal bear-
ing upon the question of consti-
tutional reapportionment now be-
fore the Legislature.
Assuming that the population
expansion in California from 1910
to 1920 will continue the same
proportion in various parts of the
State during the decade of 1920-
30, it is estimated that the present
Senatorial representation in
Southern California will either re-
main as it is or be increased un-
der the Frendergast-Weller amend-
ment and that southern representa-
tion in the Assembly will be
considerably increased.
RAY CITY LIMITED
Inasmuch as the city of San
Francisco embraces the full terri-
tory of San Francisco county and
operates under a city and county
government, the Bay City will be
limited under the proposed amend-
ment to the maximum of four
Senators, while application of the
rule will permit the population of
Los Angeles county outside of Los
Angeles city to have Senatorial
representation on a basis of equal-
ity with other rural sections of
California.
This apportionment of the forty
Senatorial districts will be accom-
plished by first arbitrarily giving
San Francisco city and county and
Los Angeles city four representa-
tives each and then apportioning
the remaining thirty-two districts
among the country districts.
Although strenuous opposition to
this reapportionment plan is antici-
pated from the would-be consti-
tution wreckers in the San Fran-
cisco delegation and from a few
bucolic statesmen more concerned
with their own selfish political am-
bitions than with the welfare of
the State, there is reason to believe
that the plan will receive sufficient
support to place it on the ballot
in 1924.
"The fundamental principle of
this amendment," said Mr. Frend-
ergast, "is to place a limit on
metropolitan representation in the
Senate and permits a preponder-
ance of metropolitan representation
in the Assembly. In my opinion
this is fair to all sections of the
State and all interests of the
State."
CONCESSION SEEN
"It is a concession from the
larger cities and one which the
country districts may accept as a
solution of their problems. The
amendment would change only
slightly, if at all, the present num-
ber of Senators in Southern Cali-
fornia and in the future would
work favorably in the interest
of the south, as a whole, and of
the southern rural districts in par-
ticular. It offers a fair solution of
the deadlock in the Legislature which,
even if constitutional reapportion-
ment is enacted during the
present session, will recur with
increasing opportunity for sectional
antagonism."
It is probable that the fight on
the Frendergast-Weller amend-
ment will be led by Assemblyman
Cleary, who has a counter propo-
sal, defeated by the Assembly
and due to come up for recon-
sideration tomorrow, in which the
preponderance in both houses would
be apportioned north of the Tach-
lepi.
The Cleary measure is so mani-
festly unfair to Southern Califor-
nia, as obviously designed to place
a curb on expansion in the south-
ern end of the State that, even
should a partisan majority in the
Legislature vote to submit it to the
people, its defeat by voters seems
assured.

RICH COPPER STRIKE
IS MADE IN ARIZONA
(BY A. F. NIGHT WIRE)
EL PASO (Tex.) April 11.—One
of the richest strikes in copper-
gold ore in recent years was made
today at the 1800-foot level in the
United Verde Extension mine at
Jerome, Ariz., according to news
received here today from officials
of the mine. Copper is 50 per cent
and ore 85 a ton in the new strike,
it is reported.

for the purpose of negotiating distributor contract for Southern
California.
Interested parties can arrange an interview by calling for Mr.
L. R. Allen at the Savoy Hotel, Friday and Saturday, afternoon
and evening.

**TARIFF TANGLE
UP TO HARDING**
President Will Confer With
Chiefs on Disputes
Deadlock in Commission to
Be Thoroughly Aired
Controversy Resultant of
Procedure Question
(BY A. F. NIGHT WIRE)
WASHINGTON, April 11.—
President Harding will attempt
soon to straighten out the tangle
in the Tariff Commission growing
out of the variance of opinions
among members as to procedure
under flexible provisions of the
tariff law. The President has made
a tentative engagement to confer
with the commission members Fri-
day and indications today pointed
to a thorough inquiry by the ex-
ecutive into the controversy which
has held the commission almost
in a deadlock for some months.
The question of the commission's
investigation into the tariff situ-
ation, being made at the President's
request also will be discussed at
the White House conference.
Chairman Marvin said he ex-
pected to have the commission's
preliminary statement on the in-
vestigation in the hands of the
President by tomorrow night. The
report to be made at this time will
be largely statistical, but will
serve, it was declared, to affirm the
President's reported belief that
the import duty in the present
tariff law has had no influence
on sugar prices.
Other than to proceed with an
investigation of the tariff rates on
commodities, none of which have
been regarded as highly contro-
versial, the commission has been
able to make little progress with
its study to determine whether the
present duties are equitable.
The controversy arose as to
whether a new law intended that
the commission should make a
comprehensive study of all rates
and adjust them on a scientific
basis or whether it should consider
adjustment only of the rates
against which exceptions had been
taken by interested parties. Vice-
Chairman Culbertson held out for
the complete investigation of all
rates and was supported in his
contentions by enough of the board
membership to defeat any pro-
gram outlined by Chairman Mar-
vin, who while claiming not to
be against the larger inquiry, in-
sisted that the commission should
have some suggestion from the
President as to interpretation of
the flexible provisions of the law.
No intimations of the President's
views on the provisions have be-
come known except such as may be
deduced from the step he took in
ordering the commission to go
ahead with its investigation of
rates on which complaints had
been made.

TO TRY GLIDER IDEA
(BY A. F. NIGHT WIRE)
ST. CYR (France) April 11.—
A new method of launching mo-
torized airplanes into space will
be attempted here Sunday, when
gliders will be taken up 500 feet
in the air and supported in an
observation balloon. Heretofore
the machines have taken off from
the side of the hills.

**Trolley Strike
Seen in Chicago
Over Wage Fight**
(EXCLUSIVE DISPATCH)
CHICAGO, April 11.—Possibility
of a street-car strike was seen to-
day in the report that before the
month is over, William Quinlan,
president of the Employees Union,
will ask negotiations relative to a
wage increase.
Much dissatisfaction was ex-
pressed last August by employees
at the reduction from 80 cents an
hour to 70 cents. The street-car
men will ask that an increase be
granted them, to go into effect
June 1.
While the matter has been dis-
cussed at several union meetings,
no official action has been taken,
and it is understood that nothing
will be done until the return, some
time this month, of President
Blair from California.
BISHOP TUTTLE WEAKER
ST. LOUIS, April 11.—Bishop
Daniel S. Tuttle of the Episcopal
Church was reported as restless
and slightly weaker today. He has
long been ill with grippe.

ARMSTRONG LEADS GOLFERS IN SOUTHLAND AMATEUR CHAMPIONSHIP

HOLLYWOOD RELAY SQUAD SETS CITY MEET RECORD

Field Thompson and Pete Mazetti, Pioneer Stars, Pull Tendons; Quarter Heats Speedy

Hollywood High's relay squad furnished the feature thrill of the city meet held at Patterson Field yesterday, establishing a new city meet record of 3m. 72.5s., in the eight-man relay.

Archie Woodyard of Jefferson and Field Thompson of L. A. High also came in for a little glory, the former winning the 100-yard dash mark of 10.1s. and latter tying the 440-yard record of 52.2-5s.

Lincoln have one entry left. But four schools will have men in the high jump. Long Beach and L. A. High have three each, Poly and Hollywood have two and San Diego has one.

Woodyard turned in the fastest time for the 250. The times in all the hurdle heats were comparatively slow and the leaders ran just fast enough to qualify. The summary follows:

100-YARD DASH
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 10.1-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 10.1-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 10.1-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 10.1-5.

440-YARD DASH
First heat—Win by Thompson (Pa.) Rothman (L.A.) second, Time, 52.2-5.
Second heat—Win by Thompson (Pa.) Rothman (L.A.) second, Time, 52.2-5.
Third heat—Win by Thompson (Pa.) Rothman (L.A.) second, Time, 52.2-5.
Fourth heat—Win by Thompson (Pa.) Rothman (L.A.) second, Time, 52.2-5.

150-YARD HIGH HURDLES
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

220-YARD LOW HURDLES
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

55-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

150-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

440-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

880-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

1760-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

3520-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

"SCOTTY" PLAYS BRILLIANT GAME

Local Star Lowest With Card of 73 for Course

Willie Hunter Does Splendid Work at Midweek

Continue Qualifying Round This Morning

BY BOB LOCKE
The south came through with a bang yesterday, when in the Southern California amateur golf tournament E. "Scotty" Armstrong won the low gross honors in the first day of the qualifying rounds.

"Scotty" pulled quite a surprise when he turned in his card with a neat 73 thereon, after Willie Hunter, ex-British amateur champion, had led the field for most of the day with a 74.

Armstrong played wonderful golf all through the day, and when he approached the eighteenth green he had to putt for a birdie. For some reason he slipped up, the first miss he had all day, and only got a par. "Scotty" was driving to a queen's taste, and his short shots were perfect. With the result of the day's play his selling price has advanced considerably, and is now ruling favorite over the field.

PLAYS IN PAR
Playing out in par, "Scotty" played his 10 holes in par, and then, because of a little tough luck, shot one over on the 11 green. Aside from this one over par shot, he would have played an even par of 72.

The winner of the day's play turning in a score of 73 was playing far below par, according to E. R. Tuttle, president of the Southern California Golf Association. Tuttle figures that, as the tournament is being played with tees set at the limit, 300 yards have been added to the course, and as the fairways were damp and there fore slightly slow, 200 more yards were added. With this total of 500 yards added to the length of the course, three strokes extra should be added to par. Therefore Armstrong was playing at 78 or better.

Willie Hunter put up a good game of golf considering that he had practically just stepped off the train. After the trial trip yesterday he expressed the opinion that he could lower his score at least three strokes and today would give "Scotty" a fast run for low honors. Hunter also stated that the course was in perfect shape and was among the few best courses he had ever played on.

NORTH GETS SHARE
The North got their share of the high men, among them being E. C. LaMontagne of the Menlow Country Club and G. W. Nickell of the Burlingame Club. These two men were both in the 77 division. Just a jump behind them was Dr. Paul Hunter and Pat Higgins. Both these Los Angeles players put up a nice game and are set for a fast trip today.

The scores:
E. C. LaMontagne 77
G. W. Nickell 77
Dr. Paul Hunter 77
Pat Higgins 77
E. C. LaMontagne 77
G. W. Nickell 77
Dr. Paul Hunter 77
Pat Higgins 77

3520-YARD RELAY
First heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Second heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Third heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.
Fourth heat—Win by Pelton (Pa.) Rothman (L.A.) second, Time, 25.5-5.

JACK BENTLEY WILL BE STAR

So Predicts Manager of New York Giants

Puts Big Heaver Through Banting Process

Crack Twirler Stands Gaff Like a Major

BY JOHN J. MCGRAW
Manager World's Champion Giants (EXCLUSIVE DISPATCH)
"EMPHIS (Tenn.) April 11.—Pitcher Jack Bentley will be a star with the Giants, mark that. Bentley reported to me at the Giants training camp, March 25. He was four weeks and four days behind the pitchers who started their training in Meritt, February 22. I was gratified that he got the \$5000 as his share of the money paid for his purchase. I was glad he had become a member of my team. I cannot say as much as regards his first appearance at the camp. He was fully twenty pounds overweight, and looked to me as if he would have to take off about a ton. I intimated as much when I said: 'Why would you take a blue ribbon at a beef cattle show?' He looked a bit sheepish as he replied: 'Well, I am in the right humor to reduce. I now weigh 217 pounds, and my last season's pitching weight was 197.'"

IN PLEASED
I replied: "I am pleased your spirit is willing, but how do you think that big corporeosity of yours will stand shedding twenty pounds of hog fat in less than a week. That's what I am going to try to have you shake off in that length of time, and I will be around every day to engineer the job." Just try me and see. Bentley replied: "I have heard you are a pusher and a stickler for conscientious training. I am ready, so go to it. You will not hear a whimper out of me. I will take my medicine, so go as far as you like."

I took him at his word. The grueling I gave Bentley in four days would have taken the heart out of many players I have in mind. He was a game pebble. He stood the gaff like a major.

BUSINESS MATTER
Now, I didn't want him to think I was inflicting punishment on him for being a hog, or reporting late, still as my club had invested \$5,000 in him, it was a matter of business with me to get him in shape as soon as possible. I say, too, that I desired to test his nerve.

Out we both went to the ball park. It happened, no more perfect day for a player to take off surplus weight could have been made to order. The atmospheric conditions were exactly right, rain had fallen in the morning, making conditions all the better for producing profuse perspiration.

Well, the course of sports I put Bentley through would have melted down a brass monkey. I had him run three times around the field as a starter. Then I bunted the ball for him to throw to first for fully fifteen minutes. There could be no harder task for a big heavy, tall man. The stooping and straightening up, the stop and go, the change of pace, the fly balls for another quarter of an hour, then another run around the park, and I called a halt. The scales showed he had lost nearly four pounds.

KEPT IT UP
This same system I kept up for four days, morning and afternoon, rain or shine, and it poured nearly every day, mind you. I was out on the field every minute Bentley was. When I eased up on Jack a little on Friday, he remarked: "Go ahead speed up, I was still here." I replied: "You are all right, a good game fellow. I too am here, but you can slow now for awhile. I said I would make him like it. I did."

The same time I was so sore and lame that every new move meant a new pain. I didn't tell him that. He answered: "You surely did make me like it, and you too." That was reward enough for me. However, I opine there will be more coming later.

WHITTIER STATE BEATS EL MONTE
The Whittier State baseball team took a fast seven-inning game from the El Monte diamond artists yesterday afternoon on the State school diamond, 4 to 0.

The pitching of Ateman for the Quaker team was the feature of the day. The State boy allowed him one hit and no runs in the six innings he pitched. Nine batters retired before his deceptive slant. Laporta knocked out a two-bagger in the fourth inning scoring Vincente and Ateman before him.

The conference team gets into Palo Alto this morning, holds a brief workout and meets the Cards tomorrow. After the meet the conference lads got a rattler and arrive back in Los Angeles Saturday morning.

GERAPHS WHITEWASHED BY PITCHER JAKIE MAY

Bengals Cop First Game of Series by Opportune Hitting, While Krug's Gang Fails in Pinches

BY HARRY A. WILLIAMS
Bill Essick's ball team dragged one gorgeous bouquet and enough runs out of the overcast opener to beat Los Angeles by four tallies and one floral parade.

It was a free-wheeling contest, the Angels gathering nine to Vernon's ten, but more of the Tiger wits were for extra bases, and Jakie May was less liberal in the pinches than Percy Lee Jones. In fact, Jakie was as painful to his opponents as a human thumb-screw with men on bases.

Vernon seemed so securely out in front by the seventh that one must browse along into the ninth to find the game's moment of real tensity. In that round had a blow by Tom Daly traveled a few feet farther than the others, and he poured in with possibilities of tied proceedings. May has not recovered from an attack of the flu, and they began finding him in the ninth. Griggs led off with a single, and Hood filed. Krug knocked a one-bagger to center. McAuley popped. Tony Rego, batting for Wallace, shot a safety to left, filling the bases. Tony was the second Angel pinch-hitter to deliver. Tom Daly, the original pinch-hitter, now in the game regularly, was next in order. Tom just naturally sloughed one to right which traveled with shell-like rapidity. Echnsday charged in and made a beautiful knee-high catch of the drive. A foot or two to either side and the ball would have been labeled three bases, but Pete's catch stopped the proceedings with the abruptness of a shut-down whistle in the factory district.

SAID WITH BOUQUETS
They said it to Baffin! Bill Essick with bouquets, which made the umpire jealous who being accustomed to getting theirs in bottles. Just prior to start of game Mr. Essick was led to plate and brought face to face with beautiful floral tokens from home fans. This token, which was done in gorgeous purple and gold, was delivered at the plate personally and presented by the committee from the Exchange Club, of which Bill is an esteemed member. It took the fans some time to interpret the insignia, and before the presentation was made there were many random guesses. Some opined it was an open air baseball intersected with a pair of crossed bats. Others that it was a bicycle wheel with two spokes. But closer and more expert analysis together with correct translation of the design showed it to be a combined "c" and "x" symbolical of Exchange Club. Players of both clubs gathered about and admired.

Murphy opened Vernon fourth with pop fly to Krug. Bodie belted a double to left center and took single to center. In the fourth, which Krug bagged back of second. This placed runners on first and third. Lockyer fouled in high and lofty manner to Baldwin. Then came play which pushed four runners in first run. Ray French at bat evidently thought count was three and two. Next inning Schneider beat out a two-out, and he was cited back in plate. Meantime Schneider had started for second. Baldwin started to throw to second, then hesitated. Act of French in walking in this extemporaneous manner seemed to leave Ray in doubt as to exact situation. But he finally heaved through to second, leaving low. Not only was Schneider safe at second, but Bodie came dashing in.

CARDINAL FOUR WINNERS

San Mateo Poloists Defeat Monterey Presidio Team With Ease in Tourney at Del Monte

(EXCLUSIVE DISPATCH)
DEL MONTE, April 11.—The Cardinals of San Mateo had a buggy ride in the first round of the Coast polo championship, pulling away from the Monterey Cavalry of the Monterey Presidio, 15 to 5. The game was even more one-sided than the score indicates.

The Cards scored ten goals in the first half before the cavalry men could get near their goal. The spectators had expected another ding-dong contest, as Tom Driscoll was on the ground with a

PADDOCK OFF FOR PAREE

(BY A. P. NIGHT WIRE)
PASADENA, April 11.—Charles Paddock, holder of twenty-three world's records on the cinderpath, put his arms around his mother, kissed her good bye and promised to do his best at the world's intercollegiate track meet in Paris. "This is my last participation in intercollegiate races," said Paddock, as he boarded the train for the trip to Paris at 2:35 o'clock this afternoon, "and, after it is

over, I will throw my shoes in the Seine. I am in excellent condition, never felt better in my life and I will put everything I have in me in this last effort."

He is going back to the scene of his first triumph and will race in Paris for the last time in his college career. He made his first world's record in Paris in 1919 during the war, and is returning there in the hope of slipping another quarter-second off his record. He is in perfect condition. He expects to return here in July.

Headed by Coach Pipal of Occidental and Coach Cheney of Pomona, the combined Southern California Conference squad left last night on the Lark for Palo Alto, where they will meet Stanford Friday afternoon.

Although Eddie Sudden, who recently signed up for the coming semester at Stanford, will probably compete for the Cardinals, the conference crew hopes to give Coach "Dink" Templeton's lads a strong argument. Unless Sudden is

Hupmobile

initial investment, high quality, superb performance, low maintenance and upkeep costs and a long life are factors that combine to make Hupmobile one of the world's greatest motor car values.

At this early date the demand for Hupmobile points with certainty to a pronounced shortage that cannot be far away. Place your order now and avoid too long a delay in securing delivery.

TROJANS CAPTURE TITLE

The University of Southern California racketeers won the intercollegiate tennis championship of Southern California yesterday, by winning from the Southern Branch team on the latter's courts, 4 to 2. Joe Call, Trojan star, pulled the best performance of the day, defeating Fred Hauser of the Branch, 6-4, 6-4. Paired with Ed Berry in one of the double engagements, he played a driving game which went a long way toward the ultimate victory.

CONFERENCE TEAM LEAVES

In shape for the meet with the conference squad he may see Cliff Argue break the tape in both sprains. Argue has been stepping in rather lively time of late and should be able to give Eddie a nice afternoon.

"RACIAL PERSECUTION" ROSENBLUTH'S DEFENSE

Tremendous Pressure Brought to Free Accused Slayer of Maj. Cronkhite

BY DONALD EWING
CHAPTER IV.

The arrest of Capt. Robert Rosenbluth in New York, March 23, 1921, as a result of the confession of Sgt. Roland Pothier that he murdered Maj. Alexander P. Cronkhite on the Camp Lewis (Wash.) government reservation in 1918 at Rosenbluth's instigation, brought nationally known men and women to the assistance of the accused captain and eventually resulted in the case being placed before President Harding.

The arrest of Rosenbluth was the start of ten months of developments which found the Department of Justice reversing its decision and which twisted the situation into the complex appearance that eventually resulted in no one being able to say accurately just what it was all about. Herbert Hoover, Senator Calder of New York, Congressman Anson of New York, Katherine Davis, well known worker in New York; Louis Marshall, international lawyer, and many others rushed to help Rosenbluth. The Yale School of Forestry took up his cause and the Jewish press started the cry of racial persecution.

TRUTH CONCEALED

The arrest brought further confusion to the Department of Justice that the true story of Maj. Cronkhite's death had not been told and that he was not a victim of his own gun.

Under questioning of Department of Justice agents, Rosenbluth made many statements which, as they appear on the records today, conflict with his story at the time of the Army board of inquiry bearing.

Asked where Cronkhite was shot, he replied "in the neck," the record shows, although he had previously testified correctly at the Army inquiry that the wound was through the right lung and had inspected this wound himself on two occasions.

Relating his theories of the shooting, he declared that he believed the bullet had been deflected from the tin can back to Cronkhite.

The can, the record shows, Rosenbluth said, was against the post—not on top of it. The bullet deflection statement was made, according to government officials, after it had been pointed out that if Cronkhite fired while his gun was raised slightly back, as Rosenbluth testified at the Army board of inquiry, the bullet could not

EXPECTED POST

174. I am to be chairman of commission to arrange settlement of foreign goods here now. Others on commission are:

181. You are to be general agent in America, duty to bring in every person with such claims.

187. Private owners organizing to come in according to our plans.

202. Secured concession with full rights and following guarantees in securities and property and otherwise.

Government agents found it easy with this code to form messages which would indicate plans for trading with the soviet and generally violating the laws regarding foreign trade. The theory that Rosenbluth had been representing Yavapai, New York bankers in Russia as well as doing relief work for Hoover spread and resulted in a statement credited in the press to a government agent that Rosenbluth was a "dirty German Jew spy."

It was established that there is nothing in the government records to prove that Rosenbluth was acting in an illegal or unethical way during his service abroad in relief work.

With Rosenbluth on the trip through Russia and into Constantinople was another Hoover agent whose name must be left out because he is still there, and to reveal his work might bring injury to him from certain sources.

IN PRIVATE BUSINESS

These two, after Rosenbluth had decided to return to America, entered into discussions with the Chita, or Far Eastern Siberian public, concerning future loans from New York bankers and establishment of trade relations. Rosenbluth at this time, it is said, was acting independently and had no connection with relief work.

A series of questions were prepared by Rosenbluth and his friend for submission to the Chita government. The answers were sent to Rosenbluth in New York and he was to turn them over to whoever might be interested.

I had not been commissioned by any one to do this," Rosenbluth explained recently. "Chita officials asked me about help from Americans and I agreed to present their answers to Americans who might be interested."

The questions and the answers

PERCENTAGE OF DIVORCES HIGH

Every Seventh Case Filed in
Fresno Is Result of
Domestic War

EXCLUSIVE DISPATCH
FRESNO, April 11.—Of every seven actions filed in the Superior Court of Fresno county this year, one has been a divorce case. A statement to this effect was issued today by County Clerk D. M. Barnwell, whose figures showed 130 actions based on family difficulties begun since January 1.

formed the document which the courier brought Rosenbluth from Vladivostok. The document was signed by Edwin S. Ainsworth, Minister of Foreign Affairs. It made 3000 words and in the preamble was this:

"If you will give me the information sought, I will endeavor to use it in such a way that it will be bound to the credit of the Republic of the Far East, and thus help you in attaining the goals of your expressed ideals. Here are the questions:

**MAN SELLS LIQUOR TO
BOY; GETS HEAVY FINE**

HANFORD April 11.—For selling liquor to L. V. Wilson, a boy less than 18 years of age, Sampson N. Williams, a Hanford merchant, was sentenced by Justice McClellan to pay a fine of \$50 after pleading guilty. N. Williams paid the fine. The arrest was made by two deputies of the Sheriff's office.

VOUCHED BY HOOVER

It just happens that practically all the time since the war, Rosenbluth has been employed by relief organizations in Europe, with which he has been associated in South Russia and later in Siberia. One of the charges against him, which he claims to have made, is that he was a "dirty German Jew spy."

CLIFT HOTEL

There is a hospital administered within its walls—generally in its service—distinction in its clientele.

**MAN FRANCISCO
GEARY AT TAYLOR**

DECLINES TO ACT

On this evidence Selden later exonerated Rosenbluth. The Department of Justice maintains it never sent Selden any papers, and is technically correct, for the papers came from the Seattle United States Attorney, and that Selden never had the real evidence. As late as September Mr. Selden wired Rosenbluth that he had not yet received "all of the papers." He wired Rosenbluth repeatedly throughout the summer and received many papers from Rosenbluth—affidavits gathered by Rosenbluth's attorneys, all favorable to their client.

CHARGE OF THE CASE, ROSENBLUTH'S ATTORNEYS MADE STATEMENTS, CHARGING PERSECUTION, BUT THAT WAS ALL THAT WAS DONE, THUS, IT IS SEEN THAT THE DEPARTMENT OF JUSTICE HAD NO JURISDICTION IN THE CASE, ALTHOUGH IT HAD NO JURISDICTION

The Department also opposed discharge of Rosenbluth's bonds. Rosenbluth about this time appealed to Senator Calder for a Congressional investigation, but nothing came of it. On July 16 the Department of Justice officially announced it had no jurisdiction in the case by ordering release of Rosenbluth's and Pothier's bail. Rosenbluth's friends kept appealing for a statement of exoneration from the department, but it was refused. Then appeals were made that the case should not go to the county officials, but that a government investigation should be held.

At the hearing an affidavit from Selden was presented showing what evidence he received, but later Selden wrote friends of Rosenbluth that no papers had been sent Selden. Selden in the meantime apparently was corresponding chiefly with Rosenbluth and his attorneys, for the records show many letters and telegrams between them and many affidavits were gathered by Rosenbluth and sent Selden.

On July 21, W. H. Allen, director of the Institute for Public Service in New York, wrote President Harding presenting Rosenbluth's side of the case and charging that he was being persecuted. President's secretary, George Christian, replied that the entire matter would be placed in the hands of the President personally. The reasons for the failure of the Department of Justice to turn over all of its evidence to Selden and the eventual assumption of jurisdiction by the Department will be taken up tomorrow.

CLIFT HOTEL

There is a hospital administered within its walls—generally in its service—distinction in its clientele.

**MAN FRANCISCO
GEARY AT TAYLOR**

DECLINES TO ACT

On this evidence Selden later exonerated Rosenbluth. The Department of Justice maintains it never sent Selden any papers, and is technically correct, for the papers came from the Seattle United States Attorney, and that Selden never had the real evidence. As late as September Mr. Selden wired Rosenbluth that he had not yet received "all of the papers." He wired Rosenbluth repeatedly throughout the summer and received many papers from Rosenbluth—affidavits gathered by Rosenbluth's attorneys, all favorable to their client.

real Resinol

If you want to get rid of eczema, pimples, or other distressing skin eruptions, you will accept no "substitute" for Resinol. Preparations similar in name or appearance are not "just the same as Resinol." Although a few unscrupulous dealers may offer them as or for Resinol, they are often crudely made, of little healing power, and some may even be dangerous to use. Buy in the original blue package.

Resinol is never sold in bulk

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color, 15c and 30c.—[Advertisement.]

STOP ITCHING SKIN

Zemo, the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritation, Pimples, Blackheads, Eczema, Blisters, Ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.—[Advertisement.]

SHIPPING BOARD
FACES TROUBLECanadians Refuse Registry
to Small VesselsTerms of Sale Contracts Are
Objected ToGreat Britain May Be Drawn
Into Controversy

(BY A. P. NICHOL WIRE.)
WASHINGTON, April 11.—Shipping complications of an extended character between the United States and Great Britain and her dominions are regarded here as not improbable as a result of a controversy between the Washington and Ottawa governments over two small vessels on the Great Lakes.

The ships were purchased from the Shipping Board under contracts which stipulated that they should not be used in any manner which would violate the laws of the United States. For that reason they were refused registry by the Canadian government. The particular language contained in the contracts and held objectionable by the Canadian government, apparently with the backing of London, was drafted by the Department of Justice to prevent any purchaser of Shipping Board vessels from using them as run runners.

HUGHES NOTIFIED
The Canadian authorities notified Secretary Hughes they could not admit ships to Canadian registry which were subject to domestic laws of the United States.

An answer to the Canadian note, handed to Sir Auckland Geddes for transmission to the Ottawa government, contains a defense of the language employed by the Shipping Board, and clearly states that the restrictions imposed upon operators of craft bought from the board are legal and enforceable from the American point of view. Secretary Hughes's reply was based on opinions obtained by him from the Department of Justice, from Secretary Hoover of the Commerce Department, and from other officials of the State Department. It was said to represent the unanimous belief of the three departments in the right of the Shipping Board to continue with the sale of vessels, either to American or foreign citizens, under the form of contract now being used.

CANADIANS FIRM

While officials at the British Embassy declined to comment, there were indications tonight that the Canadian government was equally firm in its determination not to allow any vessel to Canadian registry that had been bought from the Shipping Board under the present contract terms.

At the same time it was learned that the whole subject is under consideration at the London Foreign Office, and that a position similar to that of Canada may be announced soon by the British Empire.

Such a development, in effect extending to all the British dominions the prohibition already laid down by Canada, would bar the Shipping Board from disposing of its surplus tonnage to any British subject, and if the example were copied by other nations might wipe out entirely the foreign market for American ships. That contingency, however, American officials will not discuss in the present stage of the negotiations.

SLEEPING
SICKNESS
BAFFLESCongress at Vienna Hears
Reports of Partial Cures
by Use of Iodine

(BY CABLE-EXCLUSIVE DISPATCH.)

VIENNA, April 11.—Ravages of the new form of sleeping sickness known as lethargic encephalitis, which is resisting the efforts of European as well as American physicians, and its cure form the principal topics of the international congress of internal medicine in session here. Experts declared that it is probably the same germ responsible for the ordinary fever blatter on the lips which causes sleeping sickness when it gets into the brain. It is admitted to effective cure is known for chronic encephalitis. Heavy injections of iodine have had favorable results in acute cases.

The average taken from reports by Scandinavian, mid-European and Japanese physicians attending the congress show one-third of the cases prove fatal, another third is cured and the others become chronic.

May Day to See
Paris Workmen
in Ruhr Protest

(BY CABLE-EXCLUSIVE DISPATCH.)
PARIS, April 11.—May Day in Paris will see a vast demonstration on the part of the workmen against Premier Poincare's Ruhr policy, the Federation of Unions of the Department of the Seine decided yesterday.

May Day is the traditional date for the Socialist turnout in Paris, but labor intends to make May Day, 1923, the most memorable of all.

Preparations are under way for every union laborer in Paris to march in the parade carrying placards against militarism, over-taxation, the Ruhr occupation and imperialism. The meeting today was enthusiastic and unanimous, both the Bolshevik and Conservative adherents agreeing against Mr. Poincare's policies.

The usual military and police precautions will be doubled this year.

British Draft
Bill Designed
to Aid Farmer

(BY CABLE-EXCLUSIVE DISPATCH.)

LONDON, April 11.—The Ministry of Health yesterday published the text of a bill which is designed to remove some of the burdens from farmers which are killing English agriculture. The bill provides that in the future the state bear 75 per cent of the local taxes on agricultural land. Under the present arrangement the government makes a fixed contribution, originally supposed to be half the taxes, but now owing to the growth of taxation it is about 25 per cent. The bill also provides that the government relieve the local taxpayers of a large part of the burden of maintaining rural roads.

MAIN STREET

(EXCLUSIVE DISPATCH.)
CHICAGO, April 11.—Mrs. Lester Norris, formerly Miss Dolores Angell, heiress to John W. Gates's \$28,000,000 fortune, and her husband of less than a month, are going to make their home in a \$50 a month flat on Main street at St. Charles, Ill.

Insane Officer
Holds Hundred
at Bay With Gun

(EXCLUSIVE DISPATCH.)

MOLINE (Ill.) April 11.—A hundred persons, including four policemen, were held at bay for nearly thirty minutes in Moline today when Crossing Policeman Bert Bausch suddenly went insane and threatened to fire into the crowd that had gathered. Bausch stopped several business men and women at the point of his gun. When they tried to get away he jabbed the gun into their ribs and ordered them to halt. Policemen were unable to get within ten feet of him, for he stood fingering the raised hammer of his revolver.

While three policemen tried to argue with him, Charles Morrison, a fourth, approached him from the rear and jumped on his back. Officer Gallagher knocked the pistol. William Bernard of Paypay, hand just as he was trying to pull the trigger of the gun, which was against Morrison's abdomen.

Bausch was committed to the insane hospital today.

PLANT TO BE REBUILT
(EXCLUSIVE DISPATCH.)
BISBEE (Ariz.) April 11.—The Arizona Packing Company will partially rebuild its packing plant at Don Luis, near Bisbee, destroyed by fire last June. Slaughtering will continue to be done at the main plant, near Phoenix.

The
LEVIATHANThe Largest Ship in the World
Sails July 4th

It is fitting indeed that The Leviathan should sail on the anniversary of the birth of The Republic. For the sailing of The Leviathan marks the beginning of a new epoch in the history of The American Merchant Marine—a new triumph for the American people.

For months thousands of American workmen, engineers and architects have been converting the giant Steamship Leviathan from a swift transport into a luxurious ocean liner.

Now as the work nears completion, it is obvious a new standard of ocean going luxury has been set.

For elegance of appointment, for sheer beauty and for masterful achievement in the art of ship-

building, the Leviathan eclipses anything the world has ever known.

The Leviathan is the largest ship in the world. Her gross registered tonnage is 59,956.65.

The first sailing from New York to Cherbourg and Southampton will be Wednesday, July 4th.

Hundreds of requests for reservations already have been received. Americans prefer the great Leviathan—the largest and greatest ship in the world—an American ship. So if you would be aboard when the Leviathan starts her epoch making voyage on July 4th, write today—or telephone any tourist agency or communicate direct with the United States Lines.

Inquire Today at any Tourist or Travel Agency or

FARM LIFE IN PICTURES

One of the attractive features of Farm and Tractor, the big agricultural magazine, is the series of pictures of farm life in pictures. ANGELES SUNDAY TIMES.

FENCING IN THE PACIFIC

Who owns the ocean? Shall we leave the beaches to private use and misuse? If we are going to do that then let us put toll gates on all the roads, paint the mountains with pickles (57), the sky with Unlucky Strike, sow the ground with prickly pears, pollute the atmosphere with black smoke, and put up a sign: Behold this is liberty, that every man shall be free to do what he pleases to everybody else.

Did you ever live in or drive through the farming districts of our western states when they were young? If you did you saw many farms where the first marked improvement was a stone or frame barn which stood out as the one big and important thing on the place while the family lived in a sod-house or house of comparative insignificance. In the same way we have made a great deal of our commercial harbor, but what have we done for the "house"? It is time we gave it attention.

We may be landlubbers, but we love the ocean. It had a mighty power in pulling us to this shore. There are millions of people affected the same way. We may live where we don't see it very frequently—and that is our loss—but we like to feel that it belongs to us the same as to everyone else and that it is there to welcome, refresh and inspire us whenever we come.

Los Angeles and Southern California spend hundreds of thousands of dollars telling the rest of the country about our attractions and the people accept our invitations and come. They have longed to see the ocean and are now here, perhaps after much effort and sacrifice. What must be their feelings when they read the sign on the fence?

The greatest magnet to residents in this region is the ocean. Regularly and without ceasing it draws hundreds of thousands of people to the beaches every day they have liberty. In some places the public has already endured much mercenary misuse and abuse of the beaches. When old residents have to pay fifty cents to sit on the beach they have always believed belonged to everybody perhaps the public will begin to express what it already feels and take action.

Santa Monica has its own beach problem, but why should it be Santa Monica's problem alone? Who uses the beach? To whom does it properly belong? It means a great deal more to the metropolis and to the county as a whole than it does to Santa Monica alone. Santa Monica city includes less than three miles of beach. Los Angeles already includes three miles of beach north of us.

We need every help and co-operation to meet our own beach problem. But we do not speak for ourselves alone. Every foot of beach from Balboa to Malibu, in both Orange and Los Angeles counties, is extremely precious. Not one foot should be allowed to suffer misuse. Our present population practically fills our Los Angeles county beaches on warm Sundays and holidays. What of the millions to come?

And when we go to the beaches and see the desecration, the disfiguring shacks, the mercenary misuse and abuse and the keep-out signs what a sickening feeling comes over us! Let us have the beaches in proper hands for their proper use—the clean pleasure, recreation, inspiration and uplift of ourselves and our visiting guests. Delay would cost millions of dollars and increase complications. Let organizations, communities, big spirited citizens and authorities act now.

IMPORTS GROW IN IMPORTANCE

Rest of World Making Headway Toward Recovery

Exports Reverting to Prewar Classifications

Condition Manifests Stage of Business Expansion

BY A. D. WELTON
(EXCLUSIVE DISPATCH)

CHICAGO, April 11.—The Mississippi Valley may or may not be the economic backbone of the United States. It thinks it is. It likes to call itself the bread basket of the world. Whether or not this is true, there is a great interest in what is called foreign trade. That interest is now concerned to analyze import figures and statistics as they have a vital bearing on the movements of American foodstuffs to foreign markets.

Business events to contain within itself the means of correcting its errors, punishing excesses and rewarding conservatism and patience. Sometimes its own ways are fairly disconcerting, especially to the statesman who believes that business can be controlled by statistics. The scheme of plans to finance exports of foodstuffs and farm products to Europe have nearly died away and already there is evidence that business is bringing about an adjustment. Without any billion-dollar fund and without the intervention of a paternalistic government in the United States, Europe and other countries are buying our products and paying for them with goods.

Imports are growing in volume and value. The increase in imports has been visible for some time. It is now assuming statistical consequence.

A first observation, on viewing the statistics, is that the rest of the world is making progress toward economic recovery, but the state of political affairs in many parts of the world is still considering the status of foreign countries distinction must be made between economic and political affairs. The latter are the spectacular.

Europe is making headway in business. The world is making headway. Imports into this country during January were valued at \$19,600,000, or \$102,000,000 more than in January, 1931. The excessed December imports by \$12,000,000.

The "news" have been steady for more than a year. This is a much more healthful condition than obtained when this country was selling vast quantities of merchandise abroad and stripping the world of gold in exchange.

Three years ago foreign trade to many persons meant only export trade. Talk of imports was met by demands for higher tariff rates. But a foreign trade is dislocating unless it is fairly balanced. There must be imports as well as exports.

GOODS FOR GOODS

Conditions for importing have long been favorable. The dollar has a high purchasing power and the American market has been the dearest in which the foreigner could buy. It is the foreigner's goods for goods, his position is better.

As war conditions pass farther into the past, American exports show a decided tendency to revert to prewar classifications. The leader exports of the United States from 1890 to 1900 were cotton, grain, meat and meat products, with iron and steel and mineral coming into fourth and fifth positions during the latter part of the period. From 1900 to 1912 these same commodities made up almost two-thirds of the value of the exports. Their average ranking in the period was Cotton, 15.3 per cent; breadstuffs, 11.3 per cent; meat and dairy products, 11 per cent; manufacturers of iron and steel, 9 per cent; mineral oil, 8.8 per cent.

During the war period, 1914-21, these same commodities averaged over half the value of the export list. In 1921 they were 43 per cent of the total value with minor changes in their ranking; and last year the list stood: Cotton, 21.2 per cent; breadstuffs, 13.8 per cent; mineral oil, 8.8 per cent.

COST OF SERVICE

Our charges average about half the rates usually offered as "trade discounts."

EARNINGS

The process of refinancing by the issue of collateral trust notes enables a large volume of business to be done upon our capital.

We believe that the possibility of such large profits in combination with such a high degree of security is unequalled.

VOLUME

The volume of business now carried in this field is getting very large. Established manufacturers and wholesalers are expanding, in order to meet the demands of a rapidly increasing population and the attendant increase of business in the State of California.

DIVIDENDS

The Corporation has declared and paid interest at the rate of 8% per annum on its Cumulative Preferred Stock.

All money paid in for stock during the current quarter will earn its pro rata of interest payable when the regular quarterly dividend is declared and paid for each quarter.

PREFERRED

The Preferred Stock, par \$100.00, is preferred as to assets to par; carries 8% cumulative dividends payable quarterly in April, July, October and January, prior to any common stock dividend. The preferred is callable, at the option of the Corporation, at \$105.00 and accrued dividends, after 1927.

COMMON

The Common Stock bears a resemblance to bank stock but has not the usual attendant "double liability," and in well-managed Eastern companies has become very valuable and a big dividend payer.

SUBSCRIPTION OFFERING

The Officers and Directors and their associates having subscribed for more than three-quarters of a Million Dollars, the Corporation is now offering for public subscription the unsold portion of its first allotment of Ten Thousand shares of 8% Cumulative Preferred Stock (par \$100.00) at \$100.00 for each share, with the privilege of purchasing with each two shares of Preferred, one share of Common Stock, (no nominal or par value) at \$50.00 per share. Terms can be arranged on any amount purchased.

The right is reserved to reject any subscription or to allot less than the amount purchased.

SAFE, SOUND, PROFITABLE

The business being conducted by CALIFORNIA FINANCE AND TRADING CORPORATION is SAFE, SOUND and PROFITABLE for the following reasons:

SAFE—Because the collateral received by the Corporation for its invested funds is self-liquidating and guaranteed for payment by responsible manufacturers, agriculturists, merchants and wholesalers.

SOUND—Because the Corporation deals only with responsible manufacturers, agriculturists, merchants and wholesalers whose business practices are fundamentally sound.

PROFITABLE—First: Because there is always available an excellent volume of business; Second: The character of the Company's business permits the re-investing of its capital many times during each year. Therefore, the Directors and Founders of the Corporation feel justified in highly recommending the stock of this Corporation as an unusually safe and attractive dividend paying investment.

CALIFORNIA FINANCE AND TRADING CORPORATION Capital Stock merits the confidence of conservative investors because it possesses the essential features of highly desirable investment securities.

SOUND MANAGEMENT

The Officers and Directors are men of wide experience as bankers, manufacturers, agriculturists and business men. Each is substantially interested in the Company as a stockholder. Each has purchased his stock just as other stockholders are purchasing theirs.

Vice-President and General Manager, Mr. Egbert A. Brown, began his banking career in 1898 and has been an active executive officer in banks since 1905, first as Assistant Cashier and then as Cashier of the California National Bank of Sacramento and the California Trust & Savings Bank, from which position he later resigned to become First Active Vice-President of the First National Bank of Berkeley and the Berkeley Bank of Savings & Trust Company. When these two institutions merged with the Mercantile Trust Company of San Francisco, he continued as Vice-President of that institution until severing his connection to become the Manager of this Corporation.

At the present time he is Vice-President for California of the American Bankers' Association, which has a membership of over eighteen thousand banks. He has been on the Executive Council of the California Bankers' Association and is Past President of Group 1 of that Association. The books and accounts will be regularly audited by the well-known firm of Klink, Bean & Co., Public Accountants, of San Francisco and Los Angeles.

WHAT THIS CORPORATION IS AND IS DOING

The CALIFORNIA FINANCE AND TRADING CORPORATION finances well-rated manufacturers and wholesalers who sell their goods on the usual terms of trade. In other words, the business of this Corporation, (commonly known in the East as "Commercial Banking") is the loaning on Bills or Accounts Receivable, Acceptances, Drafts, Installment Lien Obligations and Warehouse Receipts, all of which are secured by substantial margins and by guarantees, and run from one to four months. In this way Wholesalers and Manufacturers may procure immediate cash with which to largely augment their volume of business without increasing their capital stock, thereby adding to or even multiplying their earnings. A fact well known to every banker and business man is that after fixed overhead charges are paid, additional business means not only more profits but higher rates of profit. Our Corporation provides the capital to make these larger profits and higher rates of profit.

LIQUIDITY

The average maturities of the paper loaned on is less than 90 days and therefore subject to very little depreciation. The average cash in hand, plus one month's collections, will liquidate the entire indebtedness of corporations of this character.

REFINANCING

When the Company loans on warehouse receipts; discounts trade acceptances; loans on installment lien obligations; or accounts receivable, it deposits the collateral received with the UNION TRUST COMPANY of San Francisco under the terms of a Trust Indenture. It then issues CALIFORNIA FINANCE AND TRADING CORPORATION Collateral Trust Notes against this collateral, which are certified and registered by the Trustee. These are "three name" obligations—Buyer, Seller and this Corporation; with a margin of at least 20% on the face value of the accounts. It is this Corporation's intention to refinance solely through the sale of these collateral trust notes.

PRECEDENT

The methods are based upon the old-established and satisfactory practice of England and Continental Europe, exemplified in this country by successful companies established in the East. These Eastern companies have been able to take out of Pacific Coast many millions of business per annum.

NEED

Approximately Five Billion Dollars are tied up in this country in open accounts. The present expanding demands for working capital require the speeding up of capital turnover in every sound way. This Corporation's method is the most effective agency now at work towards this end.

BENEFITS

Besides the conversion of inactive into active capital, the method puts a premium upon regularity and punctuality in the business served. In speeding up capital turnover it stimulates production and increases earnings upon the capital employed.

AN AID TO BANKS

No deposits are received and there will be no competition with banks. It offers to improve business by furnishing their customers additional financial aid based on:

- (1) regular commercial transactions;
- (2) two or more rated names;
- (3) short-time maturities;
- (4) a guarantee of payment at maturity;
- (5) no fluctuation but on stability at par;
- (6) notes readily transferable and convertible into cash.

The more business coming under a stabilizing influence the better for all concerned. We especially desire to hold California business in its local banks.

Angeles Lady Gains 30 Lbs. Taking Tanlac

Every meal and my appetite dwindled away until it was very scant. Gas on my stomach after eating caused me much suffering. I just ached all over with especially bad pains in my chest. My sleep was badly broken, I always felt all tired out, and I was forever bothered with constipation. I kept falling off in weight all the time, and I probably would have lost more if I hadn't started on the Tanlac treatment when I did.

"It was what other people said in the papers about Tanlac overcoming their troubles that started me taking it, and I certainly am thankful, I can now eat most anything I want to, and never have a touch of the gas and gas. The way I gained in weight was most gratifying, too, and this, with the blessing of being able to sleep better, makes me more than pleased to give Tanlac my highest recommendation."

Tanlac is for sale by all good druggists. Accept no substitute. Over 35 million bottles sold.—[Advertisement]

CHILD SAVED BY BOY PLAYMATE

Hero Hurt in Pulling Tot From Auto Path

Machine Dashes Down Hill Without Driver

Realizing Danger, Lad Risks His Own Life

Somewhere in Long Beach little Margie Hawthorne is romping happily with her playmate, entirely unaware of her narrow escape from death late yesterday afternoon and the heroism of Tommy Pein, her chum, who is at the Receiving Hospital suffering a possible fracture of his left leg and cuts and bruises.

Margie, who is 2 years of age and lives at 1850 Micheltorena street, was playing with her playmate in the neighborhood of Sunset Boulevard and Micheltorena street. She had visited these relatives before and had become acquainted with Tommy, who lives at 1850 Micheltorena street.

She immediately proceeded to seek out her chum, and the two rushed to Tommy's yard to play. They played all morning and after lunch they again in the yard. Tommy suddenly averted over the curbing and came plowing through the fence and into the yard. The boy realized the danger at once but the younger child seemed totally unaware of the hurtling car. She made no effort to leap out of its path and the boy ran to her, picked her up and flung her to one side just as the lumbering vehicle reached him. He was struck down, but his playmate, laughing, ran to the home of her relatives, apparently thinking that the entire affair took place to entertain her.

Tommy's mother, Mrs. J. M. Pein, attracted by the noise, found her boy lying unconscious in the yard, with the car, twisted and wrecked, by a collision with a tree in the yard. She summoned the police and the boy was hurried to the Receiving Hospital, where he is now recuperating.

This car is owned by A. C. Spender, 704 East Garfield Place. He had parked the machine at a street, about a block and a half north of Sunset Boulevard. The brakes apparently slipped and the car ran wild down the street until brought to a halt by the tree.

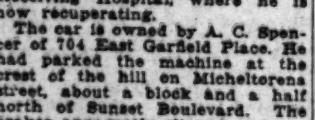

WOMEN STUDENTS TO BE ENTERTAINED

New women students of the University of Southern California will be entertained at tea this afternoon in the parlors of the George Finley Board administration building. The Associated Women Students will have charge of the event. Guests of honor will include Mrs. R. B. Von Klenzsmid, wife of the president; Miss Emily Biles, dean of women; Miss Freda Pyke; wives of the faculty members; and women members of the faculty.

Miss Pyke will give a short program of her own piano pieces, and several of the women students will take part. Miss Sarah Taft Summers is chairman of the hospitality committee for the women students.

SCANDAL IS RECALLED BY DIVORCE

Joseph Mayott Divorces Wife After Twenty-four Years of Marriage

Joseph E. Mayott obtained a divorce yesterday in Judge Parker's department of Superior Court from Angelina Mayott, and the bones of an old scandal were raked up in the course of the proceedings, though desertion was the husband's charge. It was testified that in the twenty-four years of their marriage they had lived together only four years.

One of the exhibits in the case, a letter from "Mabel W. Williams," now Deputy United States Attorney-General, then a deputy public defender, referred to Mrs. Mayott's arrest here in 1919 on a charge of writing too many love letters to Al J. Earl, brother-in-law of Fritz Triguera. The letter was dismissed when Mrs. Mayott promised to desist. The letter, addressed to Mayott, read in part: "Certainly I cannot see that your wife has been without fault on her part in keeping up friendly relations with Mr. Earl. Mr. Earl began being friendly to her when she was only a comparatively young girl, at a time when she dearly loved dancing, parties and the night life he was able to offer. He kept that up, feeding her starved desires along that line for many years."

HEADQUARTERS CHOSEN
The permanent Pacific Coast headquarters of the Los Angeles Dickens Fellowship have been located at Mrs. C. M. Carson, 2411 Third Avenue, it was announced yesterday. The club meets today one week before he decided to enter the race and challenged him to accept the responsibility of the coming campaign.

RELICS SHOW CITY GROWTH

Records Taken From Normal Hill Center Show That "Choice City Lots" Sold for \$300

Time turned backward in its slight forty-two years at the old Normal Hill Center yesterday, when Mayor Cryer, in the presence of the library board and other prominent spectators, opened the copper box that had been sealed in the corner-stone of the historical school building, revealing fascinating relics that recalled Pueblo days.

With the spirit of romances playing memory music on their heart strings (for many of those present had been there when the old cornerstone was laid) the little throng pressed eagerly around Mayor Cryer to examine the contents of the box. When the ceremony was over the Mayor, in the name of the city of Los Angeles, presented the box to E. R. Barry, custodian of the Library Board, who will place it and its contents in the new library to be built on the old Normal Hill site.

Among those present yesterday who had been present at the cornerstone laying in 1871 were Otto Zahn, who went to school the first day of the opening session at normal; W. W. Boyie and Boyie Workman. Others present were City Attorney Stephens, Charles H. Avery, president of the Board of Public Works; John A. Griffin, City Engineer; Frank H. Pettinelli, H. J. McGuire, Mrs. Frances

JURY FIGHT IS CONTINUED

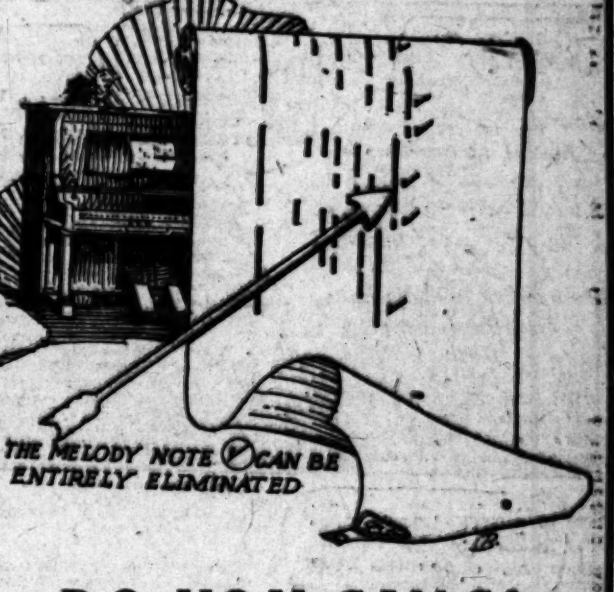

Hearing on Constitutionality of Civil Code Sections Goes Forward in Appeal Court Today

Further argument as to the constitutionality of Sections 1981 and 1912, Civil Code of California, granting exemption from jury duty to honorary members of State defense organizations will be heard this morning by Justice Conroy and his associates on the bench of Division One, Second District Court of Appeal, when court convenes at 10 o'clock.

A continuation of the hearing of the petition of W. H. Hay for a writ of mandate against Judge Avery of the Superior Court to force the latter to retract his refusal to exempt Hay from service on the 1923 grand jury on the ground that Hay is holder of an honorary membership in Company L of the One Hundred and Sixtieth Regiment, C.N.R., was ordered by Judge Conroy yesterday after argument of the case had proceeded for an hour. The constitutionality of the sections of the State code cited involves a serious question and one of far-reaching consequences, in the opinion of Judge Conroy, who desired an additional twenty-four hours in which to look up authorities bearing upon the points at issue.

Judge Avery, who precipitated

You'll Like the Gul-BRAN-sen—It's Different

DO YOU SING?

SINGERS SHOULD READ THIS

IF YOU sing, you know the difference between playing the melody of a song and playing just the accompaniment to it. When you sing, of course, you prefer the accompaniment only.

With the GUL-BRAN-SEN you can play any song either as a piano solo or as an accompaniment only. THINK OF IT!

This is an exclusive feature of the GUL-BRAN-SEN, which also transposes to any key desired.

MURATORE, the world-famous tenor of the Chicago Grand Opera Company, is one of the many artists who own a White House Model GUL-BRAN-SEN.

Gul-bran-sen Players and Reproducing Pianos with complete equipment and two years to pay — \$19.95 to \$277.50.

My!—
but she was proud

Like most housewives, she prepared her foods well, and served them daintily. She was pleased when her husband complimented her cooking—as he usually did. But something told her—perhaps it was her woman's intuition—perhaps her husband's silence on the question of coffee—that the coffee she made wasn't exactly right. She tried using more coffee—then less. She made it in different ways, but to no avail. Then she decided she would try some other brand. The next morning she served M-J-B Coffee for breakfast. My, but she was proud when her husband said "This is the finest cup of coffee I ever drank."

—and Tree Tea is the finest tea.
